

## Versatile Morgan Medallion Award (VMMA) Rules

**INTRODUCTION:** This award system is based on an idea begun a number of years ago by Mary Anna Scannell and in 1992 was further developed by Cec Watson of the Canadian Morgan Horse Association. It's aim is to encourage participation of CMHA members in a variety of activities, focusing on promotion of the Morgan Horse Versatility in a variety of non-traditional areas. The CMHA acknowledges and rewards the owners and their Morgans for their participation in activities outside the show ring. The CMHA feels these horses are acting as Morgan ambassadors to the general public and prospective owners and should be recognized for their efforts. The emphasis of this award is on participation, not competition.
